**City of Doncaster
Heritage Open Days
12th to 21st September**

The Heritage Open Days Festival appears to have been a great success – there were over 50 events across the City of Doncaster and surrounding villages and feedback from both the public and the organisers has been very positive.

This month I thought I'd share a montage of images from some of the events with you all. It shows the diversity and variety of events that took place. We are so appreciative of all the Heritage Groups who helped organise and put these events on and everyone who attended.
